Qassim, Saudi Arabia • (966)559802927 • hlujain77@Gmail.com

Summary

As an IT student at Qassim University, I've had the privilege of immersing myself in the world of technology and honing my skills in various domains. With guidance from dedicated faculty and exposure to cutting-edge coursework, I've developed a solid foundation in computer science principles. I've gained hands-on experience in developing software solutions, particularly in web development and database management. Committed to staying abreast of the latest industry trends and technologies, I'm eager to leverage the knowledge and skills I've acquired from my college education to contribute effectively to IT projects and embark on a successful career journey.

Skills

Languages: SQL, JavaScript, PHP, Python, Java

Designing Tools: Figma

Microsoft Office: Word, Excel, PowerPoint

Experience

As an IT student at Qassim University, I've actively engaged in diverse academic projects, refining my practical skills and deepening my understanding of IT fundamentals. These projects encompassed web development using HTML, CSS, and JavaScript, as well as database management with SQL. Through collaborative efforts, I honed my teamwork and communication skills, ensuring project success within deadlines. With a commitment to continuous learning and hands-on experience, I'm poised to leverage my academic achievements to contribute effectively to the IT field.

Projects

Pretty Site (Team project)

Website to provide users recommendations on makeup and skincare products.
